Circular & Fair  
ICT Pact

# Circular and Fair ICT Pact: Sharing, collaboration, aligned action

## CFIT participants

The Circular & Fair ICT Pact (CFIT) is an **international partnership** that aims to accelerate **sustainable production and use of circular and fair ICT products** worldwide through the power of **procurement**.

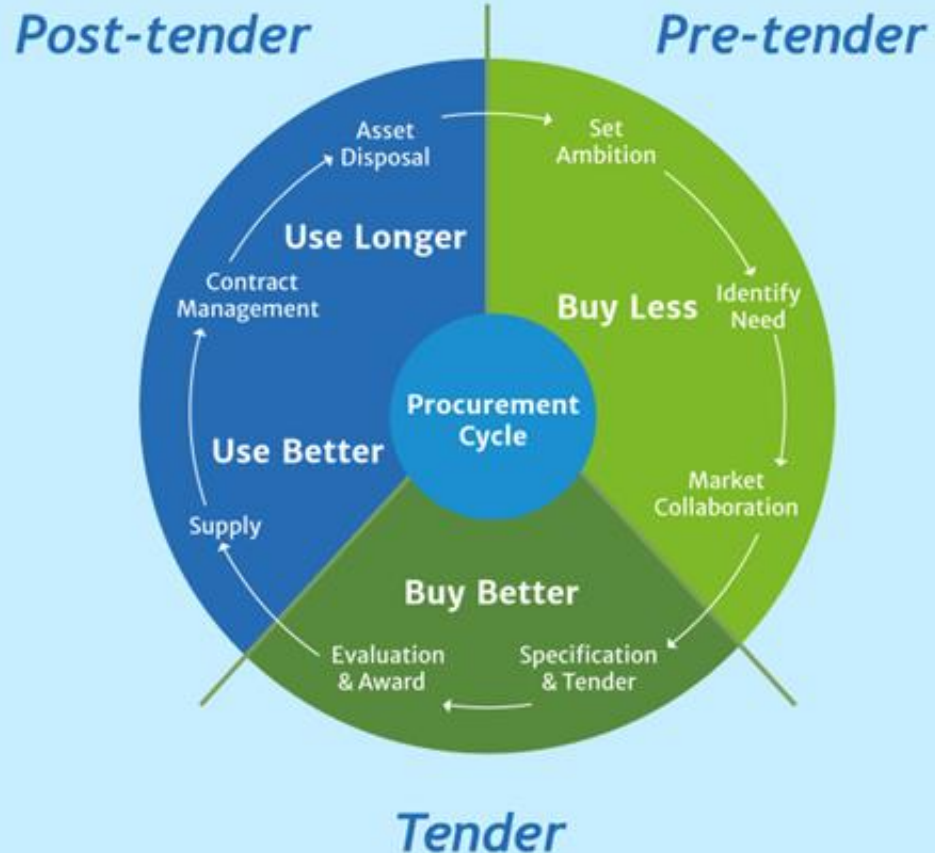

## Supporting organizations

Circular & Fair  
ICT Pact

# What is Circular and Fair procurement for CFIT?

**Circularity** Reduce virgin materials, optimize product lifetime and closing ICT product and material loops

**Fair** Ensure a positive impact on stakeholders of the value chain

**Energy & Climate** Minimize the climate impact by reducing greenhouse gas emissions and reducing energy consumption over the product lifecycle

**Chemicals** Reduce use of chemicals of concern and encourage the design and production using only safe chemicals
