Home Appliances, Material Flows & Circularity

Paolo Falcioni
Date: 20/02/2018
CECED has 20 Direct Members, which have at least one manufacturing facility in Europe and a direct presence in at least four European countries. All Direct Members are also a member of the relevant CECED National Associations in more than 50% of the countries in which the company has direct operations. CECED Direct Members subscribe to CECED’s statutes, by-laws, all industry-established agreements, and are signatories of the CECED Code of Conduct on Corporate Social Responsibility to promote fair and sustainable standards for working conditions, social compliance and environmental performance.
National Associations
Large domestic appliances
Small domestic appliances
Home Comfort appliances
Contribution in 2015 & 2016

€ 52,999 m
Direct & indirect value added to GDP

€ 47,640 m
Turnover in the EU

Contribution in 2015 & 2016
Nearly 1 million jobs in 2016

255,387
Number of direct employees

889,192
Number of direct & indirect employees
Circular from the outset
Circularity is a journey
Many possible routes in the journey
Supported by successful legislation
Ecodesign legislation built on solid foundations
Waste legislation to support raw material recovery
Information for treatment operators
Chemical & Substances Legislation
Streamlining chemical, product and waste policies to reach goals
Challenges
Constant evolution of chemical legislation
Adaption for Recycling long after production
Inconsistencies & overlaps in chemical regulations
Level playing field in recycling sector
Variation in recycling techniques
Improving Material Flows
Our own analysis shows a virtuous circle
Our strategy in pictures
Circular Society
Thank you
